Product Code:
10.01.4201

EAN:
8433281007826

Description:
USB 3.1 GEN2 10Gbps cable with type USB-C conector male at one end and type A female at the other.

Especifications:
Ideal for connecting your device with USB connector A male to a computer with USB-C
This cable also works with mobile device, OTG-equipped tablet
USB On-The-Go (OTG) is a technology that allows USB devices (digital audio players, mobile phones, PC tablets, etc.) act as servers. In other words, it allows you to connect USB peripherals (USB memory and hard drives, mice, keyboards, etc.) directly to devices with built-in OTG USB technology without having to use a computer as an intermediary.
Cable offers up to 3 amps , Which can be used to charge your mobile device, tablet, laptop etc.
Data transfer rate up to 5Gbps.
Compatible with ports with Thunderbolt ™ 3.
The Type-C USB connector Is easier to use than previous generation USB connectors. Its reversible design allows you to connect devices with either side facing up. The USB-C cable is USB-IF certified, which means that it meets all of the specifications for USB 3.1
Length: 15 CM
Color: Black
