USB-C to VGA Converter Cable (USB-C Male to VGA Male), 1.8 m, Black

Product Code:
10.15.5202

EAN:
8433281015296

Description:
USB-C to VGA converter cable, featuring a USB-C male connector on one end and a VGA male connector on the other.

Especifications:
This USB-C to VGA Converter Cable is an ideal solution for connecting USB-C port devices to monitors or projectors with a VGA input. Designed for users who need to transfer content such as movies, games, photos, and music from USB-C devices to screens with VGA connectors. (NOTE: This cable is not bidirectional; it only allows connection from a USB-C output device to a VGA input display.) Wide Compatibility: Compatible with a variety of devices, including MacBook Pro, MacBook, iMac, Surface Book 2, Pixelbook, HP Envy 13, Galaxy Book, and Chromebooks. Resolution: Supports resolutions up to 1920x1200@60Hz, ensuring a clear and smooth visual experience. Plug & Play: No additional adapters, software, or drivers required—simply plug and use. Important Note: Not all USB-C ports support video output. Please check your device's compatibility before use. Cable Length: 1.8 m Color: Black Regulations: RoHS Functionality Test: 100% tested
