

USB-C, USB-A/PD 30W CHARGERS

Powerful, safe and designed to adapt to any need, these chargers combine advanced technology and compact design. From the model with **ultra-fast USB-C PD charging** to the **dual-output** versions that allow you to power multiple devices. With them, power always travels with you.

Thanks to its smart technology, it adapts the power according to the connected device, protecting the battery and extending its useful life.

Its **compact** and **lightweight** design makes it easy to carry, making it the perfect accessory for everyday use.

Enjoy **fast, stable** and **secure** charging, optimised to deliver maximum performance without overheating or interruptions.

Specifications:

10.10.2027 model

- Charging port: 1 USB-C/PD
- Input voltage: 100-240V 50/60Hz 0.8A
- Output voltage: USB-C PD: 5V/3A, 9V/3A, 12V/2.5A, 20V/1.5^a
- PPS: 3.3-11V/3A, 3.3-16V/2A

10.10.2028 model

- Charging port: 1 USB-C PD + USB-A QC
- Input voltage: 100-240V 50/60Hz 0.6A
- Outputs voltages:
 - USB-C PD: 5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A
 - USB-A QC: 5V/3A, 9V/2A, 12V/1.5A or set: 5V/3^a
- PPS: 3.3-11.0V - 3.0A, 3.3-16.0V 2.0A

10.10.2029 model

- Charging port: 2xUSB-C/PD (USB-C1 + USB-C2)
- Input voltage: 100-240V 50/60Hz 0.8A
- Both outputs voltages USB: 5V/3A, 9V/3A, 12V/2.5A, 15V/2A, 20V/1.5A or set: 5V/3A
- PPS:5.0-11.0V - 3A,5.0V-16V2A

- Standards: CE, ROHS
- Funcionality test: 100% tested
